DYSENTERY CHOLERA FEVER AGUE, COUGHS, COLDS.

DR. J. COLLIS BROWNE'S

(Ex Army Medical Staff.)

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr J COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See *Times*, July, 12, 1864.

The Public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretionsof the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—diphtheria, fever, croup, ague.

CHLORODYNE acts like a charm in diarrhœa and is the only specific in cholera and dysentery.

CHLORODYNE effectually cuts short all attacks of epilepsy, hysteria, palpitations and spasms.

CHLORODYNE is the only palliative in neuralgia, rheumatism, gout, cancer, toothache, meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE. *See Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay.—"CHLORODYNE is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports (December, 1865) that in nearly every case of Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.

Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

See leading article, *Pharmaceutical Journal*, Aug. 1, 1868, which states that Dr. J. Collis Browne was the inventor of Chlorodyne; that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION.—None genuine without the words "Dr J. COLLIS BROWNE" on the Government Stamp. Overwhelming medical testimony accompanies each bottle

Sole Manufacturer, J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London.

Or to HENRY SAUNDERS,

mh24dw Johnson street.

THE LEADING SCIENTISTS OF TO-DAY agree that most diseases are caused by disordered Kidneys or Liver. If, therefore, the Kidneys and Liver are kept in perfect order, perfect health will be the result. This truth has only been known a short time and for years people suffered great agony without being able to find relief. The discovery of Warner's Safe Kidney and Liver Cure marks a new era in the treatment of these troubles. Made from a simple tropical leaf of rare value, it contains just the elements necessary to nourish and invigorate both of these great organs, and safely restore and keep them in order. It is a **POSITIVE REMEDY** for all the diseases that cause pains in the lower part of the body—for Torpid Liver—Headaches—Jaundice—Dizziness—Gravel—Fever, Ague—Malarial Fever, and all difficulties of the Kidneys, Liver and Urinary Organs.

It is an excellent and safe remedy for females during Pregnancy. It will control Menstruation and is invaluable for Leucorrhœa or Falling of the Womb.

As a Blood Purifier it is unequalled, for it cures the organs that *make* the blood.

READ THE RECORD.

"It saved my life."—*E. D. Lakely, Selma, Ala.*

"It is the remedy that will cure the many diseases peculiar to women."—*Mother's Magazine.*

"It has passed severe tests and won endorsements from some of the highest medical talent in the country."—*New York World.*

"No remedy heretofore discovered can be held for one moment in comparison with it."

—*Rev. C. A. Harvey, D.D., Washington, D.C.*

This remedy, which has done such wonders, is put up in the LARGEST SIZED BOTTLE of any medicine upon the market, and is sold by Druggists and all dealers at **$1.25** per bottle. For Diabetes, enquire for WARNER'S SAFE DIABETES CURE. It is a POSITIVE Remedy.

"DEATH ON THE LINE."

Our article on the frequency of accidents on the Yale-Savona line has evoked criticism more or less friendly to the views we expressed. Elsewhere in this issue is produced a well-worded letter on the subject. The writer denies the assertion of a previous correspondent "that one-half the accidents are not reported," but he quite falls in with our idea that a coroner's inquiry should be instituted into the causes that lead to every fatal accident. *Down to this moment there has not been held an inquest over the body of a victim on the railway works.* Is this wilful evasion of the law right? or does it conduce to the safety of life and limb? Unhesitatingly we reply, No. The Chinese companies—heathens though they be—are compelled by their government to account for the life of every subject entrusted to their care with a detailed statement, in case of death, of the circumstances that led to it. Should we who call ourselves Christians show less than heathenish consideration for the lives of those of our own race who obtain employment on our public works? We call again upon the government to put the law in motion so that responsibility for the shocking occurrences that have lately sickened readers of the public papers may be placed on the proper shoulders.

Through to Yale.

YALE, Nov. 16th, 1880.

TO THE EDITOR OF THE COLONIST:—Sir,—I have observed the different arguments as to the capability of steamers running from Victoria to New Westminster, Yale and way ports. Early this season the arguments were against the project, but now the people of Yale and the Interior are convinced that it is thoroughly practical, and are strongly in favor of the project. They will contribute liberally towards establishing a through line of fast and commodious boats, and I am informed by the very best authority that such a line of steamers properly constructed and managed will be one of the best investments now lying open, as we have not a fast boat in the country, and scarcely one that can run to Yale at all stages of the water with the amount of steam limited by government. I am also credibly informed that boats can be built that will run at all seasons of the year when the river is free from ice with 100 lbs. of steam, or even less, by giving them larger cylinders, which adds only very little to the cost, and causes less wear and tear to boilers and engines. We are all aware of the importance and advantage derived from a through line of boats, and I think that Victoria ought to be alive to such a project as it is the only salvation for Victoria to maintain her commercial supremacy. To avoid a heavy expense and damage to freight it must come direct with one shipment, that is, either to Victoria, if the through line of steamers is established on a firm basis, and if not the freight must find its way direct to New Westminster from California and other ports.

It must be confessed that the through line has ceased to be an experiment as the Western Slope has run with heavy loads of railroad iron late in the season without difficulty. I am informed that if it were not for the severe frost and dry weather now she would be able to run three weeks longer; and there is no doubt that boats can be constructed especially for the Through to Yale line alone that will run to still better advantage, as all the steamers now in our waters lack power. As regards to crossing the Gulf of Georgia the Slope is a far superior boat to some that have been carrying her Majesty's mails for the last fifteen years.

A SUFFERER BY THIS SEASON'S MONOPOLY.

"Death on the Line."

TO THE EDITOR OF THE COLONIST: Sir.—I have just received last week's *Colonist* and in it note a letter from "Mrs. A. H." No doubt she feels exactly as she writes; but I think it is only fair to the unfortunates who occupy the positions of foremen and overseers that it should be known that as much care as is possible is taken in every case to prevent accidents.

Like all other Englishmen I would like to see a coroner's inquest held at every accident; but it seems to me that the fault is with the coroner and not with any of the company's officials that the inquiry is not made in case of accidents. As to the statement that one-half the accidents are never published *it is not true*; for up to this time I have yet to learn of any single accident that has not had its full share of publicity in the newspapers. Of course we who are working do not mention every cut finger or crushed thumb that befall us, and "Mrs. A. H." may rest assured that if any accident should happen her son or brother it will be either from pure accident or from their own negligence.

"ONE ON THE LINE."

An Editor's Escape.

OFFICE OF THE "INDUSTRIAL ERA," ALBIA, Iowa, May 26, 1880.

To Whom it may Concern:

I take great pleasure in making the following statement: I have been afflicted with a disease of the kidneys for the past two years, and have tried numerous remedies with only partial and temporary relief. Warner's Safe Kidney and Liver Cure was recommended to me, and after taking it the pain and distress left me, and I am to-day feeling *strong and well.* I am perfectly satisfied that Warner's Safe Kidney and Liver Cure is the medicine needed, and can cheerfully recommend it to others.

Morning Dispatch.

ENGLAND.

LONDON, Nov. 21.—Foster, chief secretary, has gone to Ireland, but will return to attend the cabinet council on Thursday.

LONDON, Nov. 22.—The *Times* says: "We need only repeat that whilst the cabinet has been unable to agree in regard to the necessity of coercion in Ireland that policy has not been definitely abandoned. The ministers continue to hope that violence and lawlessness in Ireland may abate.

The Sportsman says Ross was out of condition when he rowed Saturday. Laycock has offered Trickett as consolation half of the prize he won in the international regatta.

LONDON, Nov. 21.—The *Observer* in a leading editorial says: As parliament has not been summoned to meet on Dec. 2nd for dispatch of business, we may be assured that the cabinet are undecided regarding the question of the session.

IRELAND.

DUBLIN, Nov. 21.—At a land league meeting at Tipperary on Sunday. Boynton, one of the indicted agitators delivered an inflammatory speech. The hitherto quiet county of Kildare is now under the dominion of the agitators.

CALIFORNIA.

SAN FRANCISCO, Nov. 22.—J. Mora Moss died yesterday aged 73.

GERMANY.

BERLIN, Nov. 22.—Jewish question is not so important or serious as has been represented and will probably be cast to the winds in a few weeks.

BERLIN, Nov. 22.—On resumption of the discussion of the anti-semetic movement in the lower house of the Prussion diet to-day Bachell, of the center party, accused Jews of acquiring wealth by disgraceful means. Rochton retorted and pointed out that stock jobbing was carried on by Christians belonging to high circles. Rev. Stocker, court chaplain, who is one of the principal originators of the movement, said the question was an economic one and repeated Bachell's accusations. He declared that the object of the petition was to keep Jews from any post of authority.

EASTERN STATES.

WHITE PLAINS, N. Y., Nov. 22.—Champlain canal is frozen over this morning about 2 inches thick. Thirty loaded boats are frozen in between here and Fort Ann. About forty are due from Port Henry and Canada to-night and to-morrow. Thermometer, 9° below zero.

CHICAGO, Nov. 22.—The Public Produce Exchange, the largest institution of the kind in Chicago, suspended shortly before one o'clock to-day having been badly crippled by the recent heavy advance in grain, provisions, cotton and stocks. All of which rose fast to-day. The Metropolitan Exchange also failed this morning.

NEW YORK, Nov. 22.—A building at the corner of Bowery and Hester streets, occupied by the London and Liverpool Clothing Co. was burned; loss $50,000.

CHICAGO, Nov. 22.—Superior Court had before it this morning a case of curious complications. Some months ago Mr. A. Sloan married a woman in Ohio. He moved to Iowa and obtained a divorce through a Chicago divorce lawyer and upon the same day married another woman in Iowa. The Courts of the latter state declared the divorce proceedings illegal and the second marriage adulterous to-day. The Chicago court held that the divorce was valid. According to the laws of Illinois Sloan may legally live with his Ohio wife in Iowa and with his Iowa wife in Illinois, but could not live with the Ohio wife in Illinois or with the Iowa wife in Iowa.

CANADA.

TORONTO, Nov. 22.—The gale yesterday was the most severe experienced on lake Ontario this year. The following disasters to shipping are reported: Schooners Guelph, Wave and Crest ashore at Frenchman's Bay. A schooner supposed to be the Queen of the Lakes ashore at Scorobo Heights. Another schooner name unknown is reported ashore near Consecon. As far as known no lives were lost.

Jos. Zackerman, wholesale grocer, has failed; liabilities, $34,000.

Weather very cold for this season of the year. Ice in the river and all lake navigation practically closed. The thermometer has been zero to 10 below.

DELAYED DISPATCHES.

EUROPE.

DUBLIN, Nov. 18.—Gardner, a landlord in Galway county, was tarred and feathered by armed men last night.

CHICAGO, Nov. 18th.—A London special says the news from Ireland continues to be alarming. The condition of that unhappy land, instead of improving continues to grow worse every day. It is now feared on all sides that there is only too much foundation for the reports that the peasantry throughout the country are arming and are only waiting for a favorable opportunity to defy the authority of the government. Alarming rumors are continually pouring in from all parts of the island. A dispatch from Craughwell states that a box containing six rifles belonging to merchants of Loughrean, which arrived from Limerick, was robbed on Tuesday night. On the same night a party of men with blacked faces and long beards visited houses at Cardel Car, Castle island, taking guns wherever they found them.

Our Brussels correspondent telegraphs as follows: I have reason to place implicit faith in the statement which reached here a few days ago, that some steamers took on board at two or three Italian ports 8000 Watterly rifles. Two or three thousand of them are magazine rifles, and they are said to have been shipped for Greece, but really intended for Ireland, and were purchased in Switzerland by some Irishmen who had come from the United States.

LONDON, Nov. 18.—There are rumors of a secession of radical members from Gladstone's cabinet to be followed by overtures to Lord Derby and other moderate conservatives.

The *St. James Gazette* says: It is safe to affirm that one difference in the cabinet is between the views of Selbourne, lord high chancellor, who holds that the vindication of the law should have priority over the redress of alleged grievances, and John Bright, chancellor of the duchy of Lancaster, and Joseph Chamberlain, president of the board of trade, who believe coercive measures unnecessary.

DUBLIN, Nov. 18.—Parnell reduces rents to all his tenants to Sir Richard Griffiths' valuation until the land question is settled according to the principles of the land league.

CALIFORNIA.

SAN FRANCISCO, Nov. 19. — Dennis Kearney has gone back to his dray.

At the sailing of the steamer Oceanic yesterday it was noticeable that in spite of the Felton law Chinese inspectors of the six companies were in full force at the gangway demanding the production of clearance tickets from the companies by Chinese emigrants.

The grand jury has presented an accusation against Mayor Kalloch charging him with having procured the appointment of W. P. Hughey to a position in the office of registrar of voters and then having demanded from him a part of his salary which was paid him. The jury also has presented an accusation charging the mayor, auditor Dunn and city and county attorney Murphy with having had work done on the new city hall without advertising for bids.

EASTERN STATES.

NEW YORK, Nov. 18.—Stephen C. Bradwell, commercial traveller, No. 27 East-sixth street, was brought up at Tombs police court this afternoon by detective Pinkerton, who was accompanied by counsel for Mr. Duriarto, prosecutor and Spanish consul at this port, on a charge of having forged and uttered notes of the denomination of $25 to the amount of $250,000 on the Spanish bank at Havana.

WILMINGTON, Del., Nov. 18.—Hon. Leonard E. Wales, associate judge of this county, was violently assaulted in the public streets this evening by an unknown party. He was approached from behind and struck on the head with a bludgeon, the blow knocking him senseless. His condition is not considered dangerous.

CHICAGO, Nov. 18.—The *Journal's* New York special says: Rumor says Gen. Grant has taken up his residence here in order to become a candidate for Kernan's seat in the U. S. senate. Another rumor says the general will soon become president of the great consolidated railroad interests, extending from New York to the City of Mexico and the Pacific coast.

INDIANAPOLIS, Ind., Nov. 20.—Gov. Jas. D. Williams died at 10½ o'clock to-day, of a malady of 15 years' standing—inflammation of the bladder.

CHICAGO, Nov. 12th.—A London special says: News of a very interesting character reaches London society papers from Jersey concerning Mrs. Langtry. It is said that an event is expected to occur in her household shortly which will bring great joy to her thousands of admirers. London society is thrilled over the announcement. Mrs. Langtry retired to Jersey some months since. The date of the expected event is not given.

ELECTRICITY.

Thomas' Excelsior Eclectric Oil.

Worth Ten Times its Weight in Gold—pain cannot stay where it is used!

It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured Bronchitis. Fifty cents' worth has cured an old standing cough. It positively cures catarrh, asthma, and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years, standing. It cures swelled neck, tumors, rheumatism, neuralgia, contraction of the muscles, stiff joints, spinal difficulties, and pain and soreness in any part, no matter where it may be, nor from what cause it may arise, it always does you good. Twenty-five cents' worth has cured bad cases of chronic and bloody dysentery. One tea-spoonful cures colic in 15 minutes. It will cure any case of piles that it is possible to cure. Six or eight applications is warranted to cure any case of excoriated nipples or inflamed breast. For bruises, if applied often and bound up, there is never the slightest discoloration to the skin. It stops the pain of a burn as soon as applied. Cures frosted feet, boils, warts, and corns, and wounds of every description on man or beast.

BEWARE OF IMITATIONS,—Ask for Dr. Thomas' Eclectric Oil. See that the signature of *S. N. Thomas*, is on the wrapper, and the names of Northrop and Lyman are blown in the bottle, and *Take no other.* Sold by all medicine dealers Price 5 cts. THE "PEERLESS."

A Great Undertaking--Bringing the Produce of the Interior Within Easy Reach of the Coast.

The steamer Peerless, just finished at Kamloops, and built by Mr. A. Watson (ship carpenter) of this city, is, as regards speed and draft, the most successful boat of her class yet built in the province. Her dimensions are: Length 131 feet; beam 25 feet; depth of hold 4 feet 6 inches. She has 16 watertight compartments, and with stores and fuel on board draws between 17 and 18 inches of water with a speed of 18 knots an hour. It is expected that with such a boat as this the navigation of the Thompson river from Nicomin to Savona Ferry, with a few improvements in the Black Cañon, which may be effected at a small expense, will be fully demonstrated. With the improvements referred to, at a cost to the Dominion government of not more than $6,000, this piece of water will be rendered navigable and 50 miles will be added to the present beautiful stretch of navigation from Savona Ferry to Spellamacheen, making in all 200 miles through the best agricultural and grazing lands of the province, besides giving a water stretch of 125 miles up the North Thompson river along the line of railway, thus bringing the produce of that section of the province by water to within 70 miles of Yale. But this is not the only good that will be effected by the success of this steamer, for it will be demonstrated that a canal should be cut from the head of navigation on the Spellemacheen to Okanagan Lake, a distance of 12 miles, through a swamp, by means of which there will be added another 75 miles to the present 200 miles, making in all a navigable stretch of water of nearly 300 miles through the garden of British Columbia.

The attention of the Dominion government should certainly be drawn to the advantages that would accrue from the small expenditure required to open up this section of the country to navigation and by promoting the settlement of the interior they woul denhance the value of the railway lands.

THE FIRE AT MR. MCHUGH'S FARM.—The fire at McHugh's farm on Friday was the most serious that has occurred on Saanich peninsula. With the exception of the few animals and articles noted on Sunday as having been saved, the whole of the harvest was swept away with four extensive buildings. Young Mr. McHugh was awakened about 4 o'clock in the morning by a crackling noise which soon increased to a roar. He got up and proceeding to the window discovered the granary in flames. The fire spread with great rapidity and the dwelling narrowly escaped being involved in the general ruin. No doubt is entertained that the fire was the work of an incendiary.

THE PACIFIC RAILWAY COMMISSION.—The Pacific Railway Commission was occupied all day in examining Mr. Trudeau, but nothing of importance was elicited, the Tupper contracts not being reached yet. Colonel Smith, the friend of Mr. St. Onge Chapleau, ex-Secretary of the Department of Public Works, arrived in this city to-night, and will give evidence before the Commission probably on Monday next. It is understood that the Commission contemplate going to British Columbia by-and-bye and taking evidence on the spot, because it will be cheaper and more convenient than bringing all the engineers and witnesses here.—*Globe, Nov. 6.*

ACROSS THE GULF.—Capt. Wm. Moore and two sons left Westminster at 5 o'clock on Sunday morning in a rowboat and arrived here at 10 o'clock yesterday morning. They crossed the millpond—erroneously styled a gulf on the maps—on Sunday afternoon.

AN excellent programme, comprising an entirely new charade, has been prepared for the Broughton street entertainment this evening.

Municipal Police Court.

[Before the Hon. A. F. Pemberton.]

MONDAY, Nov. 22.

Zachariah Richardson (colored) charged by Sergt. Bloomfield with allowing the chimney in a tenement occupied by him on Humboldt street to take fire on the night of the 16th inst., in violation of section 5 of the "Municipal bylaw for the protection of the City against fire."

The defendant pleaded not guilty and stated that he threw water on the fire and extinguished it.

Sergt. Bloomfield, having sworn to the truth of his information, testified to hearing the alarm sounded at about 10.30 o'clock and that as soon as possible he and Chief Engineer Phillips visited the tenement referred to. The fire had been put out, but there was soot falling down the chimney in flakes on fire.

Chief Engineer Phillips deposed that as quickly as possible after the alarm was sounded the three companies of the department turned out and proceeded to the locality of the fire on Humboldt street. It was reported to him that the chimney had been on fire, but, having ascertained that the fire had been extinguished, he sent the apparatus back. Accompanied Sergt. Bloomfield to the tenement and saw the defendant, who said there had been no fire. A person told witness that the flames were coming out of the chimney six or seven feet high. Saw burning flakes of soot fall down the chimney.

The chief engineer asked his Honor to deal leniently with the defendant, as he was a hard-working laboring man.

His Honor said that the bylaw gave him power to impose a *maximum* penalty of only £5, which appeared to him a very small fine when the expense incurred by the department every time an alarm is sounded was taken into consideration.

The chief engineer said the defendant was not in a position to pay the full penalty and asked that the fine imposed be only nominal.

His Honor then imposed a fine of $2.50 which the defendant paid.

Stanislaus, an Oregon Indian, charged with resisting Constable O'Connor whilst in the discharge of his duty on Sunday last, was fined $20; in default two months' imprisonment.

THE PORT TOWNSEND MURDER.

Henry Masse, a Russian, on remand, charged with the wilful murder of Wm. Lawrence at Port Townsend on August 21st last.

Mr. Theo. Davie appeared for the U.S. government and Mr. H. C. Courtney for the prisoner.

Jacob Chapman, deputy sheriff of Port Townsend, having sworn to the truth of his information, and identified the prisoner,

Thomas Martin was sworn and deposed as follows:—I am a boatman and reside at Port Townsend; was in Hunt's saloon at Port Townsend about the 21st August last and hearing a noise outside I went out and I saw the prisoner and the deceased, Wm. Lawrence, amongst a crowd. The deceased was standing close to a post of the verandah and the prisoner was in front of him. I was about four feet behind the deceased and saw Masse give him a succession of punches in the stomach. The deceased was not knocked down or staggered. A ship-mate of the deceased walked up and said to deceased: "Why don't you go for him?" meaning the prisoner, "Do you take that from a —— —— Russian?" The deceased replied "I've hurt my arm," and with that the Russian rushed past both of us into the saloon, made a noise and then rushed out again made a dive at the back of Lawrence who was still standing with his back to the post. This drove Lawrence into the street. I immediately ran for the prisoner and told him to behave himself and got him quieted a little. He then said: "If any more than one comes at me I'll use my —— —— knife." I saw then that he had a knife in his hand with a blade about three inches long. I grabbed him and tussled with him so as to get the knife. We fell down and I still held on to his wrist and endeavored to wrench the knife from him but did not succeed. When we got up the knife was gone. After this I saw the deceased lying on the ground. He was taken into Dr. Minor's office and I saw his dead body the next morning. There were ten or eleven stabs about his body and his

HEART WAS CUT OUT,

and there was a deep stab in that.

Mr. Davie here asked for a remand until Tuesday week to produce the evidence of Dr. Minor.

Mr. Courtney opposed the application, submitting that there was not a tittle of evidence so far against the prisoner.

His Honor—Not a tittle?

Mr. Courtney—No, your Honor.

His Honor—What! Not after the statment of the last witness? I think very differently and shall grant the remand applied for.

The prisoner was then removed and the Court adjourned.

CANADA LIFE ASSURANCE CO.—Mr. T. C. Nuttall of this city has been appointed agent in the province for the Canada Life Assurance Co., an association which has a capital and funds amounting to $5,000,000, and an annual income of $835,856.39—nearly four times in excess of that of any other company. The Canada Life was instituted in 1847 and numbers amongst its directors and shareholders some of the wealthiest citizens of the Dominion. The system upon which the company is conducted is mutual, profits being divided among policyholders.

METHODIST BAZAAR.—The ladies of the Methodist Church will hold a bazaar at Pavilion Hall to-day. A large assortment of useful articles will be displayed in tempting array, and as the prices to be asked are quite reasonable, purchasers will doubtless be both numerous and willing. The proceeds of the bazaar will be devoted to the church fund. Lunch will be served at 12 o'clock and at intervals during the afternoon and evening. Doors open at 11 a. m.

SALE OF REAL ESTATE.—Mr. A. Rickman has purchased through Heisterman & Co. the Forbes block of brick buildings on the corner of Government street and Trounce alley. The price paid was $5,500. The ground on which the buildings stand has 14 years lease to run. The property is all under rent and is in one of the best business locations in the city.

THE steamer Princess Louise left here yesterday morning for New Westminster and will return this afternoon with 60 head of cattle and 750 cases of salmon, the latter for shipment to England per bark Pauline.

PASSED DOWN.—The steamship Victoria, having on board a cargo of Nanaimo coal for San Francisco, arrived off the mouth of the harbor yesterday morning and after landing pilot Urquhart passed down.

Moody and Sankey.

This renowned revivalists are drawing large congregations Dr. Stone's church, San Francisco. Among the clergymen who take a prominent part at the meetings is Rev. John Reid of this city. The *Call* thus describes the proceedings:

At 7:15, Mr. Sankey came in, and gave out the 62d hymn, "Come to the Saviour, make no delay," which was sung by the choir and congregation. The next hymn was sung by the choir and congregation, alternately, or verse about." Promptly at 7:30, Mr. Moody said: "Let us open the meeting by singing the 102d hymn—"O, for a thousand tongues to sing my great redeemer's prrise." This was sung to "Coronation," the congregation standing, and very many of them joining.

Rev. Dr. Patterson led in prayer.

Mr. Sankey then sang the 82d hymn as a solo, the congregation joining in the chorus. This is the armor-bearer's song. Mr. Moody then ready the 13th chapter of 1st Corinthians—that beautiful description of charity or love.

The congregation sang the old familiar hymn (117th)—"My faith looks up to thee, Thou Lamb of Cavalry."

Mr. Sankey then sung the 210th hymn, "Waiting and Watching," as a solo.

After the solo, silent prayer; the audible prayer by Rev. John Reid; then singing again, the congregation rising. The *Call* says of the sermon: "Mr. Moody's style is characterized by perfect naturalness, and that is one secret of his power. He has something to say and he says it; says it just as simply and directly to five thousand people as to five. He talk right on in a straight-forward way, just as he would talk to a circle of friends at his fireside. He may make mistakes and violate some of the laws of rehtoric, but he is transparently honest, in such downright earnest, so sensible withal, that you no more think of criticising him than of criticising the man in the streets who tells you the shortest way to the railroad depot, or the good neighbor who comes to warn you that your house is on fire. He uses illustrations freely—most of them being from every day life, not classical or scientific, but homely and hence effective. He tells a good many stories, and tells them well; but he never tells a story for its own sake or to show how well he can tell it. His interest is manifestly in the application. He uses stories as a skillful workman uses sharp tools—not to cut his own fingers with them, as some speakers do, to the amusement or disgust of their hearers, but to do his work with them."

Railway Meeting in Esquimalt District.

A largely attended meeting was held at Colwood on Saturday evening, Mr. Thos. Tugwell in the chair. Addresses were delivered by Messrs. Williams and Helgesen, M. P. P.'s for the district, and Messrs. Wilby, Peatt and Francis, and the following resolutions were unanimously passed:

"That this meeting fully concurs in and endorses the resolutions passed at the public mass meeting held in Victoria on the evening of the 8th inst. in relation to the delay in the construction of the Esquimalt-Nanaimo railway.

"That, in the opinion of this meeting, no mutual harmony, so essential to the well-being of all people, could ever exist between the Dominion of Canada and this Province until the railway obligations are complied with."

"That the thanks of this meeting are hereby tendered to the Hon. A. DeCosmos for the able manner in which he advocated our cause in the Dominion Parliament during last session."

SAN FRANCISCO ON THE DOWN GRADE. A San Francisco letter quoted in the Boston *Traveller* says there has been a great falling off in the population of that city, and estimates the decrease at more than 60,000. The opinion is expressed that not less than 40,000 more will be compelled to leave for want of industrial employment. The city is overrun with young hoodlums of both sexes, nursed in idleness and having no hope in the future. The writer attributes to the gambling spirit that pervades the city much of its misfortune, and sees no hope of improvement until it is rooted out or a new race of industrial anti-gambling people shall displace the present paralyzed victims of stock gambling, and until sixty millions of savings now entirely devoted to stock gambling shall be invested to the expansion of industrial pursuits.

THIS EVENING — BROUGHTON STREET HALL.—The regular social at this hall to come off this evening promises to be of a particularly agreeable character. There will be several songs by our best amateur talent, a laughable charade by well known artists and a full programme generally. Go early, Admission 25 cents; doors open at 7.30 p. m.

THE "Peace River Railway Company" will apply to the Dominion Parliament for a charter to build a railway commencing at a point on Pelly or Milk River, N. W. T., north-westerly to the Peace River, with power to own, construct and operate steamers and barges upon the rivers along the route.

IMPORTED PRODUCE.—The sloops Mary Jane, Invincible and Emma arrived yesterday from San Juan Island, bringing over 65 sheep, 20 pigs and consignments of oats, barley and eggs.

LEECH RIVER.—Miners continue to leave town for the recently discovered diggings at Leech river. Upwards of 70 free miners' licenses have been issued and two miles of the creek taken up.

FOR LONDON.—The bark Pauline, bound for London with salmon, will be ready for sea on Thursday next. Her cargo will consist of some 18,000 cases—about 600 tons dead weight.

THE steamer Isabel left here at 11 o'clock last night for Nanaimo for a supply of coal. Capt. Urquhart and Mr. D. Smith were on board.

CAPTAIN JOHN H. BAIRD, president of the California Powder Works Co., died suddenly at San Francisco on the 16th inst.

LANGTRY WAISTS.—Fifty-eight fat hogs to be reduced to the symmetry of "Langtry waists," arrived from Puget Sound yesterday for Mr. Jos. Heywood.

Railway Meeting at Saanich.

A numerously attended meeting of farmers was convened at Agricultural Hall, South Saanich, on Saturday evening, 20th inst., to discuss the Island Railway question.

Mr. Sherk was elected chairman and Mr. Robt. F. John secretary.

Spirited addresses were made by Messrs. McIlmoyle, Sluggett, Mitchell, Turgoose, R. F. John and others in support of a railway between Esquimalt and Nanaimo.

Mr. McIlmoyle moved, seconded by Mr. Turgoose, that this meeting do endorse the resolutions lately passed at the railway meeting held in Victoria, urging the Dominion government to the immediate commencement of the island railway.

The resolutions being put to the meeting was unanimously carried.

A resolution was passed instructing Hon. A. Bunster, member for Vancouver District, to immediately impress upon the Dominion government the necessity of constructing a line of railway between Esquimalt and Nanaimo.

R. F. JOHN, Secretary.

HOUSE AND CHILD BURNING.—Three little children of J. J. Schmidt, of Shoshone county, Idaho, narrowly escaped burning to death recently, having set fire to the house while both parents were absent. When the father reached the house the youngest, one year old, was on the bed and the bed in flames. He grabbed the child, and stumbling over the three-year old boy, who was almost stifled on the floor with smoke, but them both outside the building. He entered again for the five year old who was under the bed, and taking her and a small trunk rushed out with them just as the roof fell in. Mr. Schmidt was now himself on fire, and by the aid of his wife extinguished the fire on his person, and as evening closed in the little burnt group stood like mourners over the smouldering remains of what was once their home and their fortune. The baby's arm, neck, face and hair were badly burnt, but not fatally. The other two children were considerably injured by inhaling the smoke. Mr. Schmidt's hair, beard, hands and arms were badly burned.

THE POST OFFICE.—The brick work of the new front of the post office was completed on Saturday evening and the interior plastering has been commenced. A concrete sidewalk running along the entire front of the building will be laid forthwith; but the exterior plastering and finishing work will not be proceeded with until next spring.

COURT OF REVISION.—A number of appeals from the assessed value of personal property were heard yesterday at James Bay before J. R. Hett, Esq., and in nearly every instance a considerable reduction in the government valuation was made.

FROM PUGET SOUND.—The steamer Isabel arrived here at 2:30 p.m. yesterday from Port Townsend with the overland mails and express, 20 passengers and 10 tons of freight.

THE steamship California is due here from Sitka and Fort Wrangel.

Canadian Mail.

[Per steamer Isabel.]

GRIMSBY, Nov. 5.—This morning the wife of Andrew G. Muir, living near this place, was shot and instantly killed in her own house. One of her sons was taking down a loaded gun, when by some means it was discharged, and the contents lodged in Mrs. Muir's head, causing instant death.

MONTREAL, Nov. 6.—It is said here that the Hon. Mr. Chapleau actually refused the position of Cabinet Minister, and that his honorary presidency of the Franco-Canadian Credit Foncier will bring with it $4,000 a year.

TORONTO, Nov. 5.—From rumours that come from Montreal, Ottawa, and Quebec it would seem that Mr. Mousseau is to take the vacant place in the Dominion Cabinet and Mr. Caron to be raised to the Bench.

Dr. S. B. Schmidt, one of the thirty physicians who went to Grosse Isle quarantine to attend the ship fever patients, died yesterday. He was the last of the gallant thirty, all sf whom sank at their posts, save two, Dr. Schmidt and another since dead.

ST. THOMAS, Nov. 5.—The branch office of Molson's bank, situated in St. Thomas east was robbed of $1,500 this afternoon. It appears that two strangers drove up to the bank, one of them remained in the buggy while the other came into the bank and stated that the man in the buggy desired to make a deposit but was unable to come in. The bank clerk politely offered to go out and get the deposit, and while doing so the one inside helped himself to the cash and escaped.

LONDON, Nov. 5.—The Biddulph prisoners will probably be tried at a special assize.

KINGSTON, Nov. 5.—Yesterday afternoon John Bredin, jr., Tom Purdy, Henry Dureaux, and C. Dureaux started in a sail boat on their way home to Simcoe Island. While on the water an altercation took place, and one of the party was thrown overboard, but after a short swim he was pulled into the boat again. This had the effect of restoring quiet until the island was reached, when the quarrel was again renewed between Bredin and Henry Dureaux. After a short scuffle Bredin shot his antagonist in the left breast with a revolver. The wound will probably prove fatal.

OTTAWA, Nov. 6.—Mr. F. H. Ennis, of the railway department, commenced to perform the duties of secretary to the department of public works to day. Therefore Mr. Chapleau's removal is complete. Mr. Ennis' appointment gives general satisfaction, especially as he is accomplished in both the French and English languages.

The enquiry into the affairs of Sheriff Powell's office is being continued by Judge McMahon. Ex-Deputy Sheriff Sherwood arrived in the city this evening and is ready and willing to give evidence before the commission if called upon.

Two bodies of unknown men have been found on the shore of Manitoulin Island.

At Charlottetown, P.E.I., on Wednesday, some members of the 82nd Battallion engaged in a shooting match at Kensington range. The match had just concluded and the band had begun to play when Captain Longworth commenced to fire a few practice shots. Just as he was in the act of firing his second shot Private Heartz, who had been acting as marker, passed in front of the target and received the ball in the groin. It passed through him and struck the target. He lived only a few minutes. No blame seems to be attachable to Captain Longworth. The neglect on the part of the marker to hoist the red signal before leaving the butts appears to have been the cause of the accident. The deceased, who was respected by his comrades, leaves a wife and several children.

THE BEST REMEDY FOR INDIGESTION.

TRADE NORTON'S MARK.

CAMOMILE PILLS are confidently recommended as a simple Remedy for Indigestion which is the cause of nearly all the diseases to which we are subject, being a medicine so uniformly grateful and beneficial, that it is with justice called the "Natural Strengthener of the Human Stomach." "Norton's Pills" act as a powerful tonic and gentle aperient are mild in their operation, safe under any circumstances, and thousands of persons can now bear testimony to the benefits to be derived from their use, as they have been a never-failing Family Friend for upwards of 45 years. Sold in Bottles at 1s. 1½d., 2s. 9d. an 11s. each, by all Medicine Vendors throughout the world.

CAUTION.

Be sure and ask for "NORTON'S PILLS," and do not be persuaded to purchase an imitation.

MAPLE BAY HOTEL.

THE UNDERSIGNED BEGS TO INFORM THE Traveling Public that he has removed to the Commodious and New Hotel, adjoining the New Wharf at Maple Bay. Being centrally situated to the Cowichan and Chemainus rivers and lakes and to Salt Spring and adjacent islands, affords superior inducements to parties in pursuit of sport, health or land. He hopes to receive in the future (as he has during the past 14 years) a fair share of the patronage of the traveling public.

Also, to Rent or Lease, the old Hotel and Store, with warehouse, granery and stabling for 6 horses; together with a fine large orchard. As there is no doctor in this flourishing district this is a first-class opportunity for a medical man to establish himself. The whole or part of the buildings will be let cheap.
